1-on-1 Coaching Program

OUR FRAMEWORK | WHAT WE'LL DO

DISCOVERY - WHERE YOU ARE

We're going to dive into **what's really important to you**, where you really feel you are at this stage of your journey and, perhaps most importantly, **where you wish to go** and why.

POSSIBILITY - WHERE YOU WANT TO GO

Here we can start focusing on how to find your "wings;" letting go of whatever might be holding you back with an eye toward **possibility** instead of problems & **continual growth** rather than a fixed, fear-based mindset.

EMPOWERMENT - HOW TO MOVE AHEAD

We **chart a course forward**, working with what you already have to take the first steps **toward where you wish to go**.

ACTION + ACCOUNTABILITY - MAKING IT REAL

We **engage in manifesting your future** by "running your own race," at your own pace, **one step at a time**. As we follow up and keep things moving, it's simply a matter of **acting, monitoring and adjusting**; acting, monitoring and adjusting.
